THE USUAL LIST.

The rich man labored for six long days
To compass what must be done,
And then he went for an auto spin—
The Foolkiller worked but one.

The poor man labored for six hard days
And sweated beneath the sun,
Then on the seventh he rocked the boat—
The Foolkiller worked but one.

The city man worked for the six days through,
Then he went for a century run,
And sought a tree when the lightning flashed—
The Foolkiller worked but one.

The young man worked for a six day stretch
Devoid of a share of fun,
Then on the seventh went forth to hunt—
The Foolkiller worked but one.

STATE UNIVERSITY HEAD

Favors Turning Old Kentucky Capitol Into Law and Normal School

In an interview at Frankfort President James K. Patterson of the State University expressed himself in favor of the old State Capitol and the executive buildings being converted into a State Law and Normal School as a part of the great State University.

He said that as soon as the Legislature could meet to approve of the application, the State University would be placed on the Carnegie Foundation Fund.

He added that he would not give up the Presidency of the State University until he was certain that the proper man was found for the place.

EVERY ailment in pathology is now being laid at the door of the humble cow. In the good old times, nobody ever thought of milk as being the breeding place of the deadliest of germs. Maybe germs are new things which have evolved for the benefit of the learned modern doctors who must have some excuse for the excessive mortality which marks certain sections of the world. The science of medicine has made rapid progress, but it is still far behind in the many causes which precede the inevitable effect—Death.

No Cure For Baldness. Physician of National Reputation States That in Rare Cases Baldness is Not a Disease.

It is a well-known fact that more charlatanry is rampant today on the subject of the scalp and hair than exists concerning any other subject, excepting, perhaps, consumption. Dr. Nott says: "Among the thousands of cases that have passed under my inspection, I have seen but very few authenticated instances where baldness has been successfully treated; of course, if there was among the patent medicines anything that would accomplish the result we would know of it and would at least try it. So far as restoring hair to color or promoting the length of the hair, that's another matter. The Q-Ban Hair Restorer, for instance, will restore gray hair to its natural color. I have used it in hundreds of instances without failing in a single case. I have used the Q-Ban Hair Tonic as well, very often and effectually to encourage the growth of a luxuriant crop of hair—to remove dandruff, etc., but I have as yet to record a single case of baldness that has been effectually treated, without having to resort to a general hygienic treatment in connection with standard products, like, for instance, Q-Ban Hair Restorer and the Hair Tonic. I have found them to be very effectual assistants." Dr. Nott admits and insists that to produce a luxuriant growth of hair, to restore gray hairs, cure dandruff and diseased scalps is quite possible by simply observing the laws of health and using Q-Ban Hair Restorer and Tonic, but for baldness there is, as a rule, no cure; although some remarkable exceptions may be noted.

Q-Ban Hair Restorer and Tonic, we understand, can be had now at all druggists, put up ready for use with full directions given as to the application.

J. Jas. Wood & Son recommend and sell these preparations. If you are gray haired or your hair commencing to fade you can have the first bottle of Q-Ban Hair Restorer free. Simply call and ask for it.

Aren't you glad you don't have to "slop" your sheep, or tie them up, or carry them down, or extract their milk? You do less for them than for any other animal on your farm, and they yield you and your farm larger comparative returns. You ought to think a lot of your sheep and handle them accordingly.

There is No Lack of Pianos!

The country is full of them, good, bad and indifferent, and it is easy to find a big range of prices, some very high and some very low, but such good Pianos like the SMITH & NIXON, EBERSOLE and KOHLER & CAMPBELL are not to be found in one store every day. In fact, we doubt very much if they can be found any day or anywhere but in our store. Satisfaction is what you get when you buy one of these Pianos. Contrast the quality of these Pianos with instruments of similar grades elsewhere and you'll note a marked difference. We have these three makes from the lowest to the most expensive.

We have a large number of used Organs on hand at present which must be sold. We, therefore offer some of them as low as \$10. These Organs were taken as part payment from parties who purchased new pianos of us. Come and inspect these Organs, as there are some great bargains among them.

But Bryan Declares He Will Never Cease Talking Religion

At Mason City, Iowa, William J. Bryan said: "You can tell the people two things for me. I am not going to move to Texas, as has been foolishly published, and I am not going to enter the work of an evangelist, other than I am now doing.

"Ever since I was 20 years old I have been talking politics, and ever since I was 14 I have been talking religion. I may drop talking politics, but never religion."

A SIMPLE QUESTION.

Maysville People Are Requested to Honestly Answer This.

Is not the word of a representative citizen of Maysville more convincing than the doubtful utterances of people living everywhere else in the Union? Read this:

Mrs. Della Means, 328 East Front street, Maysville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case, the first symptom being a sharp pain through my kidneys, accompanied by a bearing-down feeling across my hips and loins. Dull, miserable headaches soon began to bother me, and I often became so dizzy that if I did not catch hold of something I would have fallen. I continued to grow worse, until I was often confined to my bed for a week at a time. No remedy I used helped me, and I was in a bad way. Druepel swellings appeared, and there was an almost complete retention of the kidney secretions. My body also bloated, and it would be impossible to describe the misery I endured. I had about despaired of ever being cured, when I read of a person who had been freed of a similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply at J. J. Wood & Son's Drugstore, and I obtained so much relief from the first box that I continued taking the remedy until entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."

For sale by all dealers. Price 50 cents Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

GIVE YOUR EYES A HOLIDAY

Your eyes have been working at least sixteen hours a day and seven days each week, with no time off for lunch. Do you expect them to continue to do this year after year without assistance? If you can't go to the mountains or sea coast, you can, at least, give your eyes a rest by wearing the proper lenses to correct the errors of refraction. Headache, nervousness, indigestion, etc., when caused by eye strain, will be relieved at once by suitable lenses.

There is no one within fifty miles of Maysville who is as thoroughly competent to correct errors of refraction as
